# ABOUT US

## WE ARE A MOBILE BAR + BARTENDING SERVICE WITH STYLE!

Millions of drinks are poured every day, and we're proud to be a part of that! As a mobile bar and bartending service, we can mix drinks right in the comfort of your home, serve the entire bridal party at your wedding, or handle a large fundraiser crowd without issue. Our mobile bars allow us to stand out against competition while fitting right into client's events.

We're not your average bar service. We specialize in important occasions, such as weddings, fundraisers, corporate, and private events alike. Putting the beverage process into our hands gives you the ability to focus elsewhere.

Premier Pour Bartending provides everything you need to have a successful event - bar tools, mixers, ice, mobile bars, and of course, professional bartenders are included in each of our packages. We work closely with clients to help coordinate the purchase the alcohol for their event, ensuring there is plenty to go around while staying within budget.

We believe  
bar service  
should be  
enjoyable,  
professional,  
fun, and  
tasty!

We know how important bar service is. Countless memories are shared over a drink with friends, family, and colleagues — we want to keep that going. Our friendly and knowledgeable bartenders interact with guests 5-7 times per event and we guarantee every visit to be a great one!

Voted "Best Bartenders" in Toledo in the 2020 Toledo City Paper Dining Guide Awards, our services are second to none.
